

**8<sup>th</sup> Annual POCC Forum**  
**Records and Regulations in the Age of the EMR**  
**Thursday, July 29**

7:30 am—10:00 am

Anaheim Convention Center

*Sponsored by the AACC Critical and Point-of-Care Testing Division*

**Description**

The advent of a national electronic medical record is upon us with promises to improve health care by preventing medical errors, creating efficiencies, reducing unnecessary costs, and expanding access to affordable care. In this POCC Forum, learn about efforts to implement the EMR and how point-of care testing fits into the picture. Get up-to-date information on the CLIA inspection process and guidance on how the laboratory can comply with relevant regulations. Explore the vital role of point-of-care coordinators in ensuring that accurate information on all laboratory tests are delivered into the patient medical record.
