

16th Annual Management Sciences and Patient Safety Leadership Seminar:
ESTABLISHING A FORMAL LEADERSHIP AND MANAGEMENT CURRICULUM AT MAYO CLINIC
Saturday, July 23

5:30pm—8:00pm

Hyatt Regency Atlanta

Sponsored by the AACC Management Sciences and Patient Safety Division and LISMI Division.

Leading and managing complex medical laboratories is becoming increasingly more challenging. In 2003 we established a formal comprehensive course in leadership and management for all residents and fellows in laboratory medicine and pathology at Mayo Clinic in the Department of Laboratory Medicine and Pathology. PhD's and MD's trained side by side. This presentation describes the elements of the leadership and management program, the impediments, and the outcomes from the year long integrated course.

James S. Hernandez, MD, MS, FCAP

Medical Director of laboratories

Mayo Clinic

Scottsdale, AZ
