

Clinical Chemistry

Trainee Council

Clinical Chemistry is very pleased to offer program directors and trainees this exciting new education initiative called the *Clinical Chemistry* Trainee Council.

I encourage you and your trainees to register for free membership in the Council. Not only will you have continuing use of clinical case studies, Q&A articles, and podcasts, but in addition, Council members will have exclusive access to educational webcasts and an opportunity to chat and exchange ideas with trainees from around the world via CouncilChat.

Thank you for being a part of this exciting program and I look forward to having you as a member of the Council.

Sincerely,

Nader Rifai
