

AACC

Better health through laboratory medicine.

2021 Integrated Advertising Portfolio

Better health through laboratory medicine.

AACC is a global scientific and medical professional organization dedicated to clinical laboratory science and its application to healthcare. Our leadership in education, advocacy and collaboration helps lab professionals adapt to change and do what they do best: provide vital insight and guidance so patients get the care they need.

74,000+ AACCC Members & Customers

Represent the largest hospital, commercial, and reference laboratories

Include lab professionals from around the world (70% U.S.; 30% international)

Play an important role in purchasing products and services for the lab (67%)

AACC Advertising Opportunities

Print Asset

Clinical Laboratory News

AACC's flagship and award-winning monthly news magazine, *CLN* is the authoritative source for timely analysis of issues and trends affecting clinical laboratories. It's also rated the #1 valued benefit among members.

Page 4

Digital Assets

AACC Dedicated Emails

Provide a custom HTML email and AACC's marketing team will send it directly to more than 74,000 members and clinical lab professionals. You'll also receive a post-deployment report to show how your email performed.

CLN Dedicated Emails

Market your solutions directly to AACC members and customers.

Send a custom marketing message directly to more than **74,000 AACC members and clinical lab professionals** with AACC's new dedicated email opportunity.

Submit your own HTML template and our marketing team will do the rest. As an added benefit, you'll also receive a post-deployment report to help determine the success of your campaign.

Dedicated emails are available every other Wednesday, twice a month, and limited to one advertiser. Reserve your space today as inventory will go quickly.

Unique Open Rate: 14%

Cost: \$5,000 per email

Email Guidelines & Specifications

Space and materials due two weeks prior to launch date. Submit artwork and insertions orders to Karli Gillespie at kgillespie@townsend-group.com.

Required materials include subject line, HTML code, and plain text version of the email. Please see next page for complete Guidelines & Specifications.

Please note, CLN will prominently display a "Sponsor Content" banner and the following disclaimer at the top of each email: *"This is a paid advertisement for CLN readers. The views expressed do not necessarily represent AACC's views, and their inclusion in CLN is not an endorsement by CLN or AACC."*

CLN Dedicated Emails

Guidelines & Specifications

Required from the advertiser: subject line, HTML code, and plain text version. Materials are due 10 business days in advance of the send date.

SUBJECT LINE

- Limit 50 characters or fewer
- Avoid terms: "New", "Free", "Special"
- Avoid all CAPS or exclamation points! (These phrases, fonts and punctuation may cause your email to get marked as spam)

HTML CODE

Design:

- Limit the design width to no more than 600px.
- Design with tables and nested tables (relevant code should begin with the <table> tag and end with the </table> tag).
- Use six-digit hex codes for colors.
- Code links on one line: <a href="URL" <linked text>/a>.
- Use inline styling (except for media queries, AACC only incorporates code between the body tags into our template).
- Media queries should be in style tags in the head element; AACC can only accept media queries that have a Class or an ID.

Images:

- Use JPEGs, PNGs, or non-animated GIFs.
- Use absolute URL and image paths (images, links, etc.); images and files must be hosted by the client—AACC will not host images.
- Use image width and height attributes and values to preserve layout structure when images are disabled.

Do not:

- Do not use dynamic scripts (JavaScript) or any form elements (checkbox, radio button, input field).
- Do not use background images, image mapping, or animated GIFs.
- Do not include attachments in HTML.
- Do not embed Flash or any other type of video.

Plain Text Version

- Submit your email copy as a Word document.

Please note, CLN will prominently display a "Sponsor Content" banner and the following disclaimer at the top of each email: "This is a paid advertisement for CLN readers. The views expressed do not necessarily represent AACC's views, and their inclusion in CLN is not an endorsement by CLN or AACC."

CLN Industry Insights

About

Industry Insights is a CLN program that features informational articles paid for and created by advertisers that are published on the CLN section of the AACC.org website.

This unique opportunity offers a great way for advertisers to position your company as thought-leaders and enhance your relationship with readers who already know CLN as a principled and reliable source of information.

Benefits include:

- Inclusion of article on the CLN section of AACC.org, which will be archived after initial release
- Banner ad on AACC.org to promote your article (60 days, 50,000 impressions)

Cost: \$3,000 per article

Article Guidelines & Requirements

Articles should be informative and explain trends, applications, or use cases of science, technology, and practice in laboratory medicine that are relevant to CLN readers.

Articles will be reviewed by CLN editors before publication to ensure that meet all applicable guidelines and do not contain obvious grammatical errors. However, approved articles generally will not be copyedited: Advertisers are expected to submit complete and polished pieces ready for publication.

- **Length:** 800-1,300 words
- **Images:** Up to 3 images at 300 x 250 pixels

- **Video:** An embedded link with image to a YouTube or Vimeo video is allowed and require additional editorial review.
- **References:** References are allowed, but not required unless scientific or other factual claims are made that may be unfamiliar to our readers. References should be numbered in the text.
- **Authors:** The authors must be clearly identified, including name, degree, and title/affiliation
- **Logos:** Include in your submission a company logo as well as the URL to which it should link.

CLN will prominently display "Sponsor Content" wherever *Industry Insights* articles are shown. In addition, each article will include the following disclaimer: "*Industry Insights are created and paid for by advertisers. The views expressed in these articles do not necessarily represent AACC's views, and their inclusion CLN is not an endorsement by AACC.*"

For complete Article Guidelines & Requirements, please visit: bit.ly/2TgYieo

Bound-in Inserts	7" x 10"	\$10,700
Bottom Banner	2" x 10"	\$7,500

Cover Tips and Bound-in Inserts: Advertiser supplied. Cover tips are spot glued on the front cover and inserts should be single leaf with lip.

Placement: Advertising, with the exception of premium positions, will be rotated daily within each section.

Payment/Cancellation: Payment is due prior to the meeting dates. All signed agreements are firm. No cancellations accepted after closing.

Mechanical Specifications:

- Trim Size: 11" W x 15" H
- Bleed: Publication does not bleed, except for spread ads across the gutter
- Paper stock: 50# white offset, non-gloss stock
- High-Resolution PDF files required with all fonts embedded.
- All colors should be CMYK process, no spot colors.
- 85-line screen on all images preferred; 100-line screen acceptable.
- Printed proof of the PDF file itself is required with artwork submission. If a proof is not sent, AACC is not responsible for the outcome of the ad.
- Advertiser will be billed at cost for time required to prepare files to above standards.

Ad Creation: Maximum combined density of 240 percent with only one solid. Two secondary colors should not exceed 75 percent each. Any single color not intended to print solid should not exceed 80 percent. Additional 10 percent under-color removal for cyan. Type should be surprinted in areas having tint values of 30 percent. Four-color type reverses should not be smaller than 10 points (14 points if using a narrow face font). Reverses should only be used out of areas having at least 70 percent tone value in black, magenta, or cyan. Color reproduction is assured to generally accepted industry standards for cold web newspaper printing.
