**CDID Officers**..... Page 1

**Annual Meeting 2019: CDID Activities**..... Pages 2-6

1. Scientific Sessions Developed with CDID
2. CDID ePoster Session
3. Joint Division Luncheon
4. CDID Mixer, Awards Presentations, and Business Meeting
5. AACC Opening Mixer and Division Networking Event
6. SYCL Workshop and Mixer

**Sessions Recommended to CDID Members**..... Pages 6-8

## CDID Division Officers

**Chair:** Melissa R. Snyder, Mayo Foundation

**Chair-Elect:** Maria Alice Vieira Willrich, Mayo Foundation

**Past-Chair:** Gabriella Lakos, Abbott Laboratories

**Secretary:** Tara Givens, Quest Diagnostics Nichols Institute

**Treasurer:** Peter Martis, Inova Diagnostics

**Research Officer:** Lokinendi V. Rao, Quest Diagnostics

**Communications Officer:** Mohammad Al-Ghoul, Center for Disease Detection

**Professional Development Officer:** David F. Keren, University of Michigan

**Education Officer:** Evangelos Ntrivalas, Memorial Sloan Kettering Cancer Center

### Thinking about serving as a member of the CDID leadership?

Let us know that you are interested. Elections are held every year, for half of the officer positions, for a 2-year term. It is a great way to integrate into the laboratory immunology community and to make an impact on promoting the science of diagnostic immunology!

July 2019

## HIGHLIGHTS OF ACTIVITIES AT THE ANNUAL SCIENTIFIC MEETING & CLINICAL LAB EXPO – 2019

### 1. Scientific Sessions Developed with CDID

#### **August 4<sup>th</sup>**

12:15pm-3:15pm

Multiple Myeloma Diagnostics: Interpretation and Reporting of Protein Electrophoresis and Serum Free Light Chains

Presented by David Keren, Ronald Booth, and Maria Alice Willrich

Cost: \$229.00

#### **August 6<sup>th</sup>**

2:30pm-5:00pm

Immunogenicity of Therapeutic Monoclonal Antibodies: Analytical and Clinical Perspectives

Presented by Niels Vande Castele, Maria Alice Willrich, and Melissa Snyder

Cost: Included with meeting registration

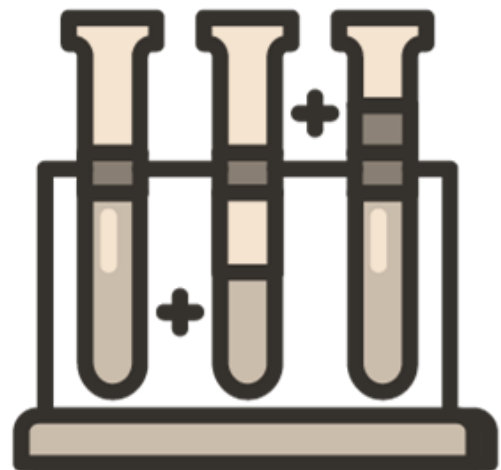

#### **August 7**

2:30pm-5:00pm

Overcoming the Challenges of ANA Testing

Presented by Mark Wener, Xavier Bossuyt, and Melissa Snyder

Cost: Included with meeting registration

July 2019

## 2. CDID ePoster Session

**CDID ePoster Session**  
**Wednesday, August 7<sup>th</sup> 11:30am-12:15pm**  
**Poster Theater in Hall A**

### **A-084**

Going gel free: Adding M-protein quantitation to MASS-FIX in the clinical lab  
Presented By: Katherine Turner

### **A-101**

Comparison of cytotoxicity and IFN-gamma production methods for measuring reduced natural killer cell function for HLH diagnosis  
Presented By: Hyeyoung Lee

### **A-116**

Contribution of Autoantibody Testing in the Evaluation of Patients At-risk of Interstitial Lung Disease  
Presented By: Anu Maharjan

### **A-119**

Development of a High-throughput Flow Cytometry Assay for Detection of Anti-MOG Antibodies  
Presented By: James Fryer

**Moderated By: Evan Ntrivalas**

## 3. Joint Division Luncheon

***Implementing Precision Medicine in an Academic Medical Center***

August 6th, 12:00-2:00pm  
Anaheim Marriott, Grand E Room

Overview of the University of Pennsylvania's Center for Precision Medicine activities with a focus on implementation of precision medicine approaches into routine clinical practice

AACC Member/Non-member: \$15.00

Sponsored by the Clinical and Diagnostic Immunology, Molecular Pathology, Personalized Medicine, and Tumor Markers and Cancer Diagnostics Divisions

July 2019

4. CDID Mixer, Awards Presentations and Business Meeting

***Clinical and Diagnostic Immunology Division Mixer***

August 6th, 5:30pm – 7:00pm  
Anaheim Marriott Platinum 1 (lobby Level)

**Join us for an evening of:**  
Welcome from the Chair  
CDID Abstract Award Ceremony  
CDID Jolliff Award Ceremony  
CDID Business Meeting  
Networking  
Hors d'oeuvre and drinks

July 2019

## 5. AACC Opening Mixer & Division Networking Event

### ***Opening Mixer and Division Networking Event***

August 4th, 6:45pm – 8:00pm  
Grand Plaza  
Anaheim Convention Center

Stop by our booth and discover the exciting activities of CDID!

Meet our current officers and learn how you can also be involved!

Learn about the excellent scientific sessions at the AACC meeting sponsored by CDID!

Enter for chances to win fabulous prizes!!

Join us for an evening of good food, fun drinks, and networking with friends and colleagues!

July 2019

## 6. SYCL Workshop and Mixer

### ***Creating Value From Data: Tools and Strategies to Drive Your Lab Forward***

This session will focus on the role of data analytics in the clinical laboratory. Topics to be discussed include the evolution of data usage, driving quality improvements through data, data management/analysis software, and predictive analytics.

Saturday, August 3<sup>rd</sup>, 1:00pm-5:30pm  
Networking SYCL mixer to follow at 6:00pm

Members/Non-Members: \$50 for the workshop and mixer  
Space is limited, so register early

## **AACC ANNUAL MEETING SESSIONS RECOMMENDED TO CDID MEMBERS**

### **August 4<sup>th</sup>:**

- 12:15pm-3:15pm
  - Multiple Myeloma Diagnostics: Interpretation and Reporting of Protein Electrophoresis and Serum Free Light Chains  
Cost: \$229

### **August 5<sup>th</sup>:**

- 7:30am-8:30am or 12:30pm-1:30pm
  - Utility of Procalcitonin Measurement: Current Evidence and Clinical Utility in Pediatric and Adult Populations  
Cost: \$25
  - Advances in Laboratory Testing for the Diagnosis and Management of Syphilis  
Cost: \$25
  - To Quant or Not to Quant? Limitations of Quantifying Low Concentration Monoclonal Proteins by Serum Protein Electrophoresis  
Cost: \$25
- 12:30pm-2:00pm
  - Sepsis: Novel Biomarkers, New Technology, and Predictive Analytics  
Cost: Included with meeting registration

July 2019

**August 6<sup>th</sup>:**

- 7:30am-8:30am or 12:30pm-1:30pm
  - Serum Proteins Following Autologous Hematopoietic Stem Cell Transplantation  
Cost: \$25
  - ANA Testing: The Renaissance of Indirect Immunofluorescence Assay (IFA)  
Cost: \$25
  - Macromolecules: Big Complexes That Cause Big Problems  
Cost: \$25
  - The Use and Misuse of Procalcitonin in Clinical Practice  
Cost: \$25
- 12:00pm-2:00pm
  - Joint Divisions Luncheon: Implementing Precision Medicine in an Academic Medical Center  
Cost: \$15
- 2:30pm-5:00pm
  - Immunogenicity of Therapeutic Monoclonal Antibodies: Analytical and Clinical Perspectives  
Cost: Included with meeting registration
  - Autoantibody Testing in Autoimmune Neurological Diseases  
Cost: Included with meeting registration
- 5:30pm-7:00pm:
  - Clinical and Diagnostic Immunology Division Mixer  
Cost: Included with meeting registration

**August 7<sup>th</sup>:**

- 7:30am-8:30am or 12:30pm-1:30pm
  - HIV Diagnostics: Past, Present and Future  
Cost: \$25

July 2019

- A Case of Suspected Macroprolactinemia: Collaboration between Laboratorians and Clinicians in Interpreting Unexpected Test Results  
Cost: \$25
- Plate-Format Label-Free Immunoassay-A New Horizon for the Quantitation of Proteins and Therapeutic Monoclonal Antibodies?  
Cost: \$25
- 10:30am-12:00pm
  - Journal of Applied Laboratory Medicine's 2019 Hot Topics Sepsis Diagnosis and Management: Role of Novel Biomarkers and Procalcitonin Confounders  
Cost: Included with meeting registration
- 11:30am-12:15pm
  - CDID ePoster Session  
Cost: Included with meeting registration
- 2:30pm-5:00pm
  - Tackling Infectious Disease Testing and Interpretation: Considering the Perspective of the Core Clinical Laboratory and Point-of-Care Testing  
Cost: Included with meeting registration
  - Overcoming the Challenges of ANA Testing  
Cost: Included with meeting registration

**August 8<sup>th</sup>:**

- 10:30am-12:00pm
  - Opportunities and New Approaches to Guide Utilization of Urine-Based Testing for Diagnosis of Infectious Disease  
Cost: Included with meeting registration
