on the right as you enter the complex.**

**William J. Catalona, MD**  
Director of Clinical Prostate Cancer Program  
Robert H. Lurie Comprehensive Cancer Center  
Northwestern University Feinberg School of Medicine

**Program Information**

*Advances in Prostate Cancer Detection: What's Next for Clinical Labs?* is the third of 12 programs in AACC's "Cutting Edge Technologies, Common Sense Solutions" webinar series. Prostate cancer is the most frequently diagnosed cancer in men aside from skin cancer, but the role the lab plays in helping clinicians detect this disease continues to evolve.
