

## **Sponsored Webinar San Diego Section, AACC**

**Free to Members and their Guest**

### **Career Essentials: 10 Ways for Chemists, Techs, and Other Laboratory Professionals to Increase Their Value**

**Tuesday, January 21, 2014**

**11:00am PDT - 12:00pm PDT**

#### **Location:**

USCD Center for Advanced Laboratory Medicine  
UC San Diego, 10300 Campus Point Drive, San Diego, CA 92121  
Conference Room C, on the SE side of the building; first parking lot on the right as you enter the complex.

#### **Speaker:**

***Ann M. Gronowski, PhD***, Professor Pathology & Immunology and Obstetrics & Gynecology, Washington University School of Medicine, and Associate Medical Director, Chemistry Laboratory, Barnes

#### **Program Information**

With healthcare institutions consolidating, health delivery models changing, and lab budgets decreasing, laboratory professionals need to continue to increase the value they bring to the workplace. This webinar will examine techniques laboratorians can use to evaluate themselves and set goals, expand their expertise and increase their visibility in the workplace. Examples of methods used by others in the field will be given.

#### **After attending this program, participants will be able to:**

- Describe ways to evaluate themselves and set career goals
- Discuss ideas for increasing their visibility & value in the workplace
- List examples of ways others in the laboratory profession have increased their visibility

*This webinar is co-sponsored by AACC and Seattle Children's Hospital.*
