Annual Southeast AACC Meeting
Amelia Island, Florida
May 30-31, 2014

The Southeast AACC Section will host a joint meeting with the Association of Clinical Scientists in sunny Amelia Island, Florida. All clinical biochemistry topics will be presented on Saturday, May 31st as 15-minute oral presentations. Southeast Section members are encouraged to submit abstracts for presentation. Act quickly because the **deadline for abstract submission is March 1**. Attendees can expect 7-8 hours of CE/CME from this one-day event.

A special one-day meeting registration fee of \$125 has been negotiated for Southeast Section members, which includes lunch and a presentation on iron metabolism by guest speaker Dr. William Winter. The meeting will be held at the luxurious [Omni Amelia Island Plantation Resort](#) where a block of rooms has been reserved. Plan to join your AACC colleagues for a dinner and business meeting on Friday evening, May 30th, after an optional round of golf (being organized). The Gerald Cooper Travel Award will be awarded to a postdoctoral student/fellow to attend this meeting (details forthcoming). Additional meeting details may be found on the [ACS meeting website](#).
