Join Us as AACC North Carolina Section Hosts their First Virtual Meeting!

November 14, 2013
12:00 p.m. to 1:00 p.m.

"Saving children's lives by newborn screening for metabolic disorders"

Michael J. Bennett PhD, FRCPath, FACB, DABCC

Professor of Pathology & Laboratory Medicine
Perelman School of Medicine
University of Pennsylvania

Evelyn Willing Bromley Endowed Chair in Clinical Laboratories & Pathology Director Metabolic Disease Laboratory
The Children's Hospital of Philadelphia

Objectives:
1. The audience will understand the history and clinical significance of medium-chain acyl-CoA dehydrogenase deficiency.
2. The use of tandem mass spectrometry for disease biomarker measurement will be discussed.
3. The audience will be made aware of the clinical impact of newborn screening for metabolic diseases.

Registration
Space is limited to the first 100 participants, so early registration is a must.
To register, please email NC Section Chair, Steven Wong, PhD, at shwong@wakehealth.edu by November 7, 2014.
